EXPERIENCE

Dito Internet, Belo Horizonte — *System Analyst & Developer*

Mar 2018

Dito is a startup that is in its biggest growth phase. I was hired to be part of the innovation team and work on the creation of the Design System and the new version of the company's main product.

Hotel Urbano, Rio de Janeiro — *System Analyst & Developer*

Set 2018- Fev 2019

One of the biggest technology influences in Brazil. 20th of the best places to work. I'm having the pleasure to work with such a high competent engineer team and a company who thinks a lot in the growth and value of the employee.

Six Creative, Rio de Janeiro — *Mobile Developer / Full Stack*

Jan 2018- Set 2018

Company of technology and innovation. Informal and casual atmosphere. Development with agile methodology and projects involving AI and Machine Learning.

(GESETI) FAETERJ-Rio, Rio de Janeiro — *FullStack*

Jul 2017- Fev 2018

In charge of rewriting the SCE (System of Coordination of Internship).

EDUCATION

FAETERJ-Rio, Rio de Janeiro — *System Analyst*

Jan 2016 - Dez 2018

Graduation in Systems Analysis. The course covers the main concepts of system design and development stages. Main languages: C and Java.

Infnet, Rio de Janeiro — *Android Developer*

Jun 2017- Out 2017

Official android development course in Brazil.
